ABOUT US

Tracing back to our family roots, Cristofoli International has always been synonymous with stone. Inspired by our Italian heritage, we are driven by a strong attention to detail to create innovative and beautiful stone solutions for a range of industries.

As specialists in the world of natural stone, we use our extensive knowledge in sourcing, designing, manufacturing and fitting to provide our clients with a high quality, friendly and professional service.

Manufactured in our UK factory, we offer bespoke stone solutions for kitchens, bathrooms and specialised interiors in both the residential and commercial markets.

WHY CHOOSE PORCELAIN?

Porcelain stoneware is the perfect choice for turning the bathroom into a masterpiece of design at an affordable price.

Porcelain is fast becoming a popular alternative to natural stone due to its luxury appearance at a much more affordable price. The material not only stands out for its vast array of contemporary colour choices, its an extremely hard-wearing material with a strong resistance to moisture and stains, ensuring a beautiful clean and hygienic space.

We offer affordable porcelain bathroom solutions made to your bespoke requirements and specifications. Our Cristofoli porcelain range is extremely competitive and offers extensive colour and material options.

OUR SERVICES

LET US KNOW YOUR REQUIREMENTS -

Send us the required dimensions and specification of the space.

Select a colour finish from our competitive Cristofoli Porcelain range or we can supply an alternative porcelain manufacturer.

OUR IN-HOUSE DESIGN SERVICE -

Combining your vision with our expertise, our in-house design team will create a technical drawing based on your requirements.

MANUFACTURE & FABRICATION -

After approval of the drawing, we manufacture and fabricate the bespoke cut-to-size porcelain.

All our stonework is designed, created and finished at our UK factory, allowing quick turnaround and high-quality control. We accommodate one-off or small-scale fabrications to larger commercial or residential projects.

QUICK & EASY INSTALLATION -

We deliver pre-cut and pre-fabricated pieces that can be easily adapted on site if required.

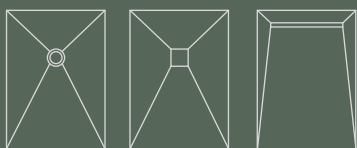

Our large-format porcelain slabs are easy and cheap to install with very few joints to finish.

BESPOKE SHOWER TRAYS

Our made-to-measure porcelain shower trays give a contemporary appearance, allowing continuity of the material with the shower walls and bathroom floor. The flush-to-floor style is designed to be installed directly onto a standard shower former; such as Wedi board, Dukka board or similar Cementitious backer board.

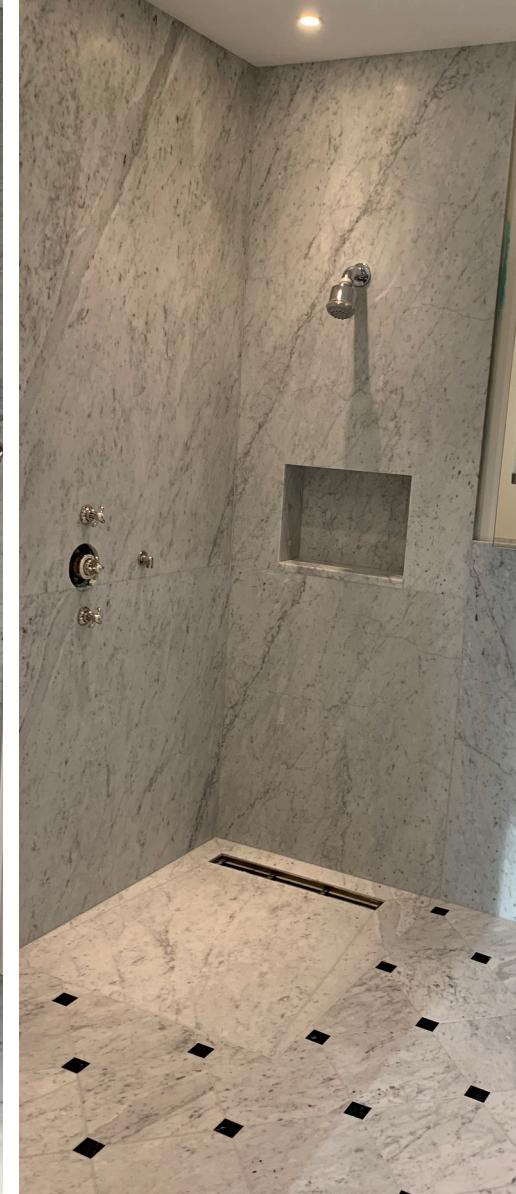

The shower trays are completely customisable in terms of dimensions and porcelain finishes, with a range of achievable drain styles.

Simply send us the required dimensions for our in-house design team to create a technical drawing for approval. Once signed off, we will deliver cut-to-size porcelain shower tray with pre-cut drain holes and any required drain infill sections.

BENEFITS:

- Bespoke high-quality aesthetic
- Wide range of colour choices available
- Hard-wearing and durable surface
- Easy-clean material
- Scratch-resistant
- Dependent on the bathroom design, a natural continuity of the material with bathroom floor and shower walls

DIMENSIONS REQUIRED:

(L) Length

(W) Width

(D1 / D2) Location of drain

Type of drain

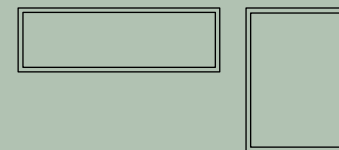

BESPOKE SHOWER NICHES

A shower niche not only provides a dedicated space to store all your shower essentials, it can be a beautiful architectural feature.

Our pre-fabricated bespoke bathroom niches are made-to-measure and designed for quick and easy insertion into the opening created in the wall.

Simply send us the dimensions required, we will create a technical drawing for approval and then deliver a cut-to-size pre-assembled niche. Holes for LED lighting can also be provided.

BENEFITS:

- Pre-fabricated for quick and easy installation on site
- Bespoke architectural feature
- Hard-wearing
- Easy-clean
- Scratch-resistant

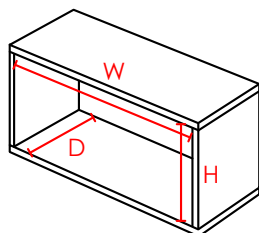

DIMENSIONS REQUIRED:

(W) Width

(H) Height

(D) Depth

Holes for LED lighting

BESPOKE SHOWER ENCLOSURES

Custom-made to fit the bathroom dimensions, our pre-fabricated porcelain shower enclosure walls are designed for quick and easy installation.

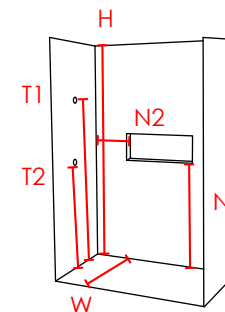

Simply send us the dimensions required, we will create a technical drawing for approval and then deliver cut-to-size panels with pre-drilled holes for shower heads and taps. If shower niches are required, the panels will be pre-fabricated with bespoke size niches.

WALL & FLOOR SURFACES

Our large-format porcelain slabs are an excellent alternative to porcelain tiles for wall cladding and flooring. The large-format creates a higher quality appearance and installation is easier and cheaper with fewer joints to finish. We provide cut-to-size pieces that can be easily adapted on site if necessary.

BENEFITS:

- High-impact and beautiful aesthetic
- Hard-wearing and durable surface
- Easy-clean material
- Scratch-resistant
- Dependent on the bathroom design, a natural continuity of the material with bathroom floor and shower walls

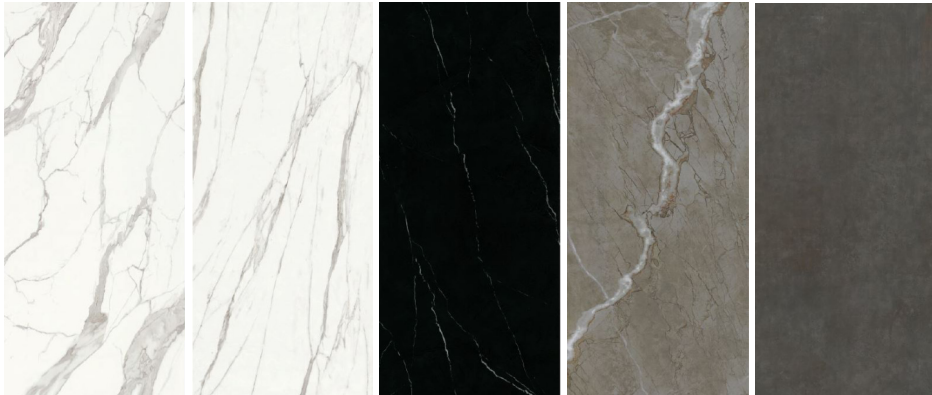

DIMENSIONS REQUIRED:

(H) Height

(W) Width

(T1/ T2) Holes for shower head & taps

(N1/N2) Niche location
