

Porcelain Facade Panel - Technical Datasheet

Moleanos Limestone Porcelain Cladding with Brushed Bronze Stainless Steel Panels

Our porcelain cladding panels are 15mm thick mesh-reinforced, providing robust strength and versatility. The panels are lightweight and easy to install, whilst providing superior protection against the elements and a range of design possibilities.

Porcelain Panel Section

Key Features -

- 15mm thick porcelain mesh-reinforced panel
- A2 Fire Rated
- Weight of 37Kg/m²
- Panel sizes up to 2.7m x 1.2m
- Mechanically retained by undercut anchors to an aluminium support rail system
- A range of finishes available e.g. Satin, Textured
- Bespoke colours available

Benefits -

- ⊕ Cost-effective cladding solution
- ⊕ Robust strength and versatility
- ⊕ Maximum resistance to fire and heat
- ⊕ Low water absorption
- ⊕ Easy cleaning
- ⊕ Tonal uniformity and visual continuity
- ⊕ Customisable material production
